EARLY MEETING OF FRIENDS
FOR NEW ENGLAND

At our Yearly Meeting of Friends for New-England, held on Rhode-Island,
Sixth Month, 1834.

The Annual Report of the Boarding School Committee was received and read, and being satisfactory to this Meeting, copies thereof were directed to be forwarded to our several Quarterly and Monthly Meetings.

During the consideration of the Report, a deep feeling of interest for the best welfare of the Institution was spread over the Meeting ; and while the benefits that have already resulted from it, to the children and youth of the Society, were freely acknowledged, an earnest solicitude was expressed, that the Committee, in the discharge of the important and arduous trust confided to them by the Yearly Meeting, may be encouraged steadily to keep in view the great objects which led to the establishment of the School, as a means for promoting the acquisition of useful learning, in connexion with the moral and religious improvement of the Children, consistently with the principles and testimonies which we as a Society believe ourselves called upon to maintain.

The recommendation of the Committee relative to plainness and simplicity of attire, was cordially united with; the Committees of Monthly Meetings were encouraged to extend an increasing care in this respect; and Parents and others having the charge of Children, were impressively exhorted to lend their assistance in promoting this desirable object.

From the Minutes of the Yearly Meeting,

ABRAHAM SHEARMAN, Jr. *Clerk.*

TO THE YEARLY MEETING.

The Boarding School Committee report, That they have endeavoured to discharge the services confided to them by the Yearly Meeting, during the past year, in attending to the various concerns of the Institution ; which have been conducted to a good degree of satisfaction.

Meetings have been regularly continued, and harmony has been preserved. The average number of scholars has been one hundred and sixty-eight ; seventeen of whom have been pupils in the department of the School for instruction in Languages, &c. The School is continued under the immediate superintendence of Enoch and Lydia Breed, in which capacity they are assisted by Stephen and Hannah Gould. John Griscom is still usefully employed to superintend the literary department of the Institution. Moses A. Cartland, Pliny Earl and Jonathan Slocum are employed as Teachers in the Boys' School ; and Deborah Ramsdell, Mary H. Griscom, Caroline Cartland, Martha Barker and Anna T. Lockwood in the Girls'. Jamuel J. Gummere is continued in charge of the department for Languages, &c.

The accounts of the Treasurer and Superintendent have been examined and settled ; and the Committee propose that the terms of admission be continued the same as last year ; and that the privilege of sending one child, six months, *free of expense*, be continued to Monthly Meetings. Friends are requested not to neglect the established regulation of the School, that the expense of *each* quarter be paid in *advance*.

The Committee believe it proper again to recommend to Friends, in sending their Children to the School, to observe, as much as may be, the periods of time proposed two years since, viz. at the time of our Yearly Meeting, or in the first week of the second, fifth, eighth and eleventh months.

The importance of maintaining plainness of dress in the inmates of this Institution, has often claimed the serious attention of the Committee ; and we think it right at this time to revive with Friends the necessity of having their children habited in plain attire, and that no articles of apparel, unsuitable through want of plainness, be brought by them to the School. And that the Committees of Monthly Meetings may be enabled to render the necessary advice and assistance, Friends are requested to be careful to make application to them for certificates, in sufficient season to afford them this opportunity.

In reviewing the state of the School for the past year, we feel bound gratefully to acknowledge, that the family and scholars have been preserved in health ; and that the Institution continues to afford encouraging evidence of its usefulness to the youth of our Society.

Signed on behalf of the School Committee, at a Meeting held 2d of 5th month, 1834,

WILLIAM JENKINS, *Clerk.*

the Committee that was Appointed last month to Draught a few lines to send to Smithfield monthly meeting Respecting Bershaba Wing Presented a letter to go to that meeting which is as followeth

To Smithfield monthly meeting of friends

Beloved friends

These are to Inform you that we Received your letter of the 25th of 2nd mo last Respecting Bershabe Wing widow of Benjamin Wing Whereby you Inform us that She has become Needy and has been furnished with some Necessarys by you and wish for us to Attend to the Case.. Now it appears to us very Extraordinary that you should write thus to us (Considering the Other Part of your Information (that is) of the Property she has of her Own which is more than Ten times the Amount of Property to what you Inform you have helped her too,, which she has to help her self with. and further that she was so lately Recommended by Certificate from you to us; when she came here to be Borded for a short time with her husband, they not being then Bankrupts nor is a State of Insolvency as we Understood: Nor was she in such a State when we since Recommended her to you by Certificate but it Appears that she yet has Property of her Own to help her self with which is Apparient by your own writing

therefore we think it rather Ungenerous in you to het
her to such things as she has Property to help herself wi
and call on us to refund the Expense; if that is your mean
when you say you wish us to Attend to the Case or to take
such an Unwarrantable method to Place her on our m
for Suport, therefore we do not feel our Selves anny w
Obligated to Refund that Expense; nor do we wish
to Suply her in futer on our Account, for we Consi
